

2019 Regional Elementary Competition

Teams are randomly assigned rotation boards. Each board has a Level 1 (easier) and a Level 2 (more difficult). Points are awarded for different parts completed on the board.

Please eat in the bleachers. No food or drinks are allowed on the gym floor.

Viewing and picture areas are set up in different locations around the gym. These are time-based competitions. Do not go on the playing fields or in the pit areas.
